

Greenwood Side Table

(Octagon)

The imagery of this table is inspired by the scenic views and organisms of Green-Wood Cemetery, featuring its colorful trees, vines and flowers, skeletons, and animal life. Our visits to Fonthill Castle also influenced this piece. Here, we used a press molding technique similarly done for the Moravian ceramic tiles that cover that building.

STARTING LIST PRICE
\$5000

MATERIAL & FINISH
Glazed ceramic, grout, cement board, Douglas Fir, Maple plywood

LEAD TIME
8 Weeks

DIMENSIONS
ø19"D x 16"H
